HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, January 3, 1823.

A New Year's Greeting.

We had the pleasure yesterday of a visit from Mr. Jacob Douglas, of *Alexandria*, who came on to receive the amount of the \$30,000 prize in the Monument Lottery, purchased at COHEN'S OFFICE. We paid him the cash instantly, on presenting the ticket. This splendid prize yields a handsome sum on the commencement of a New Year, to Mr. D. and the gentlemen who are concerned with him, for it will be recollected that 6-10th's of the sum, is owned jointly amongst a company of gentlemen, of *Alexandria* and one residing at *Farrowville* in *Virginia*, as stated in the Register of 24th October last.

The second Drawing

Of the STATE LOTTERY took place yesterday afternoon, when 350 prizes were again drawn from the wheel, amongst them was No. 6663 a prize of ONE THOUSAND DOLLARS, which is owned in a whole ticket, by a gentleman in Baltimore, who purchased it in September last. The cash is ready for him and waiting his call. Of the other prizes drawn, one of 100 dollars, (No. 4439) we had the pleasure of sending to *Petersburg*, in *Virginia*, and one of the fifties, (No. 1036) we sent to *Alexandria*, both during last month—the other prizes were variously distributed. Our official list of the whole drawing will be found on the opposite page.

The drawing of the STATE LOTTERY will be continued again on Wednesday next, under the superintendence of the commissioners appointed by the Governor and Council according to the act of Assembly.

All small Prizes,

Drawn in the STATE LOTTERY, should be immediately sent on for renewal; the cost of renewal for whole tickets is only one dollar and fifty cents, but will shortly cost more, as the price most probably will be advanced after the next drawing, should the capitals now in the wheel then remain undrawn. There are but eight drawings more to complete the scheme; those therefore who desire speedy result of investments should send on their orders without delay, as the whole lottery will be finished in about six weeks. The capitals of 20,000 dollars—2 of 10,000—2 of 5,000—3,000, &c. are all yet to be awarded. TICKETS only TEN DOLLARS, and shares in proportion.

ORDERS from any part of the United States, enclosing the Cash or prize tickets, post paid, will meet the same prompt and punctual attention, as if on personal application, addressed to

J. I. COHEN, Jr.—Baltimore.

ANOTHER STATUE OF WASHINGTON.

A resolution has been introduced into the legislature of Maryland, appropriating 5000 dollars to commemorate the resignation by General WASHINGTON to Congress, "assembled in the Senate Chamber of the State of Maryland, that commission, under which he so gloriously and so successfully contended for the liberties of his country," by the erection of a marble statue of the "father of his country," upon the very spot whereon he stood, in the attitude of delivering his commission to the President of Congress.

NAVAL EXPEDITION.

We understand that *Commodore* PORTER arrived here on Thursday evening last, and before he was known to be in the city, actually purchased and sent off to Norfolk the whole squadron of light vessels intended for service against the Pirates in the West Indies, and has proceeded to the north in search of a suitable steam vessel.

In addition to the above, the New York Commercial Advertiser of Monday, 30th ult. mentions that "Commodore Porter has purchased the steam boat *Enterprize*, lately commanded by Captain Robert Bunker, of this port, for the service of the United States, on the West India station, and that after undergoing some slight alterations and repairs, she is to be taken to Norfolk, in Virginia, and from thence will be despatched with the rest of the squadron which is fitting out for the suppression of pirates and piracies in the West India seas. This squadron is to be under the command of *Commodore* Porter, and we have not a doubt that he will give a good account of these banditti if they shall not have abandoned their old haunts before his arrival. We doubt whether a steam galley, better fitted for this particular service than the *Enterprize*, could have been found in our country. She is strong, rapid, draws but little water, and will be able to follow the robbers into their bays, coves, and shallows, when a vessel of a different description would not have it in her power to approach them. We wish the squadron may meet with the most abundant success.

Latest from Europe.

London journals, six days latest, have been received since our last. No events of much interest had occurred. It was rumored that the Congress of Verona would rise sooner than was at first anticipated; but to what cause this is to be attributed, excepting, that they found, on meeting, that they had nothing important to employ themselves in discussing, we have yet to learn. All the accounts of Greek and Turkish affairs furnished by these papers, are mere repetitions of events known here six weeks since. We have creditable accounts direct from Smyrna, (not far from Constantinople) which are many days latest, and which show, that nine tenths of the articles inserted in the European papers which appear as coming from the latter city, are sheer fabrications. The objection which had been started to the powers of Mr. Zea, for contracting a loan for the government of Colombia, seems to have been satisfactorily removed. Mr. Zea produced an authority from the President Bolivar, who, it seems was fully authorized to grant such powers by an article of the constitution. The Spanish loan had declined, and the scrip was selling in Paris at a discount on the prices paid by the contractors.

Miscellaneous Intelligence.

The citizens of Boston have raised, by subscription two thousand dollars, for the benefit of the family of Capt. Allen. This mark of respect is worthy of being followed by Philadelphia, N. York, Baltimore, and other cities, distinguished for their liberality.

Dramatic.—Mr. MATTHEWS. This extraordinary performer was on Thursday evening welcomed to the Boston boards, by the cheers of a brilliant House filled to overflowing. In the "Road to Ruin" he personated *Goldfinch*, and gave the songs of that Newmarket jockey, with an effect never before experienced there. His song of the Mail Coach, in his first scene, at once stamped his reputation, and realized the high-raised expectation of the whole house. But his *Morbleu*, in "Mons. Tonson" was

so irresistably comic, and so true to nature and truth as to baffle all our powers at an adequate description. Loud and continued peals of laughter followed almost every sentence he uttered. His fame had run before him, and public expectation was at the highest pitch; but the continued "jubilee of applause" he received, indicated "the half had not been told of him." The pieces were repeated the succeeding evening, with the same effect, and on both occasions every ticket was sold.

Horse Shoeing.—I have heretofore suffered much trouble and some danger, when riding on horse back in the winter time, from the horse having his feet loaded with balls of ice and snow; and I consider that horses driven in the stages often undergo a double share of fatigue and labor from this circumstance. I have for several years been endeavoring to devise some method to prevent or remedy this inconvenience; but without effect, until the year past; I directed my black-smith to try the experiment of a shoe upon a different construction, and which I found to succeed so completely, that I wish to communicate it through your paper for the benefit of the public.

The smith in forming the plate for his shoe, should draw it wider in the middle and narrower at the end than for a common shoe: After the shoe is turned, let the inside of it be *peened* out, so as to leave it in the form of an *heeler*, viz. narrow at the toe and wide at the heel: In which case the snow instead of being confined by a circular shoe and forming a ball in the hollow of the foot, is continually working out and discharging itself at the heel; and the horse instead of treading upon a round ball of snow and ice, will find and feel the benefit of his corks!

Hampden, Me. Nov. 29th, 1822.

Congress of the United States.

Washington City, Dec. 31.

SURGEONS IN THE NAVY.—Mr. Mitchell, of S. C. rose and said, he begged leave to introduce a resolution with regard to the Surgeon's Department in the Navy. His mind had been led to this subject by the state of our West India fleet. It would be recollected, that some time since, the *Macedonian* returned from a cruise with the loss of 80 men: the last accounts from the *Cyane*, were that she lay at Laguyra, with a dreadful mortality raging on board of her; and the situation of the *Peacock* was no better. He said, that, at first, the mortality on board of the *Macedonian* was attributed to her not being properly purified after her return from the Pacific Ocean. That, he believed, had been made a subject of inquiry by a Naval Court, and, upon investigation, it had been ascertained that every art of purification had been employed to cleanse her. He said, that he had not observed that the crews of the merchant vessels employed in the West India trade had been afflicted in this way, and that he could not but attribute it to some defect in the Surgeons' Department. He hoped that it was not so; but it was a subject worthy of the attention of the House. He considered the Navy as our proper defence—that it had not only protected our commerce, but given character to our nation—and that it was our duty to watch over it with the greatest solicitude.

Mr. Mitchell's resolution was in the following words:

Resolved, That the Secretary of the Navy be directed to inform this House, how many Surgeons and Surgeon's Mates are on duty, and where: what are the annual receipts of each, and, where additional pay is received for extra service, what is the nature and extent of such service.

The resolution was agreed to.

Now Drawing in Baltimore.

HIGHEST PRIZES IN THE SCHEME ARE

20,000 dls.	5,000 dls.
10,000 dls.	5,000 dls.
10,000 dls.	3,000 dls.

Ten of One Thousand Dollars,

&c. &c. Every Prize to be FLOATING, and all payable in CASH.

The popularity which this Scheme has deservedly acquired was anticipated from its arrangement.

There is no possible Risk

during the whole drawing, which gives to the adventurer a certain chance for every prize in the lottery, without a possibility of loss, until the whole Scheme is completed. Besides the great Capitals, there are the usual full proportion of *Thousands, Hundreds, Fifties, &c.* and no less than

Five Thousand Ten Dollar Prizes!!

Adventurers not yet supplied with chances should lose no time in procuring them, because the present price of tickets is low, and because they will certainly soon become scarce—and if the great Floating Capitals should remain long undrawn, the

Tickets will rise rapidly.

Therefore, without delay, send on for Tickets or Shares, while they can be had, warranted undrawn, at TEN DOLLARS each, and Shares in proportion, at

COHEN'S

Lottery and Exchange-Office, 114, Market-street—Baltimore;

Where more Capital Prizes have been sold than at any other office in America, and where unparalleled success to distant adventurers still continues. In the two last STATE LOTTERIES, it will be recollected that the great Capital of 40,000 dollars was sold to a gentleman in Albemarle County, Virginia—the 10,000 dollar prize to a gentleman in Lancaster, Ohio, besides no less than SEVEN CAPITALS of 5,000 DOLLARS each, to various parts of the Union.

In the MONUMENT LOTTERY, which was completed in Baltimore a few weeks ago, the TWO HIGHEST CAPITALS in the Scheme were sold at COHEN'S OFFICE, viz:—the 30,000 dollar prize to a gentleman in Alexandria; and One Half of the 20,000 dollar prize (which was sold in Shares) to a gentleman of Norfolk, Virginia, besides a 5,000 dollar prize to a gentleman in Philadelphia—and numerous prizes of One Thousand Dollars, &c. &c.

Orders from any part of the United States, either by mail (post paid) or by private conveyance, inclosing the Cash or Prizes in any of the Baltimore Lotteries, will meet the same prompt and punctual attention as if on personal application addressed to

J. I. COHEN, Jr.—Baltimore.

COHEN'S "Lottery Gazette and Register," which is published every Week, will contain the Official List of each drawing, and will be forwarded throughout the Lottery, gratis, to all who purchase their Tickets at COHEN'S OFFICE. Those who wish to receive the drawings will mention it when they send on their orders.
